

Certified Partner Program

The LeanIX certified partner program prepares partners to advise, sell and market LeanIX to customers. LeanIX certified partners have demonstrated their expertise in LeanIX as well as in areas like IT management, enterprise architecture, IT advisory, custom reporting or integrations. LeanIX supports partners in all relevant areas including marketing, sales, and delivery.

Partner Support

WHAT WE OFFER:

- Two-day classroom certification training
- A personalized demo workspace for your customer demos
- A sandbox to build your own LeanIX methodology or model customer situations
- Access to LeanIX trial instances for your end customers
- The option to use LeanIX in your projects to increase delivery efficiency instead of using office tools
- Referral & Sales partnerships (optional)
- Marketing and Sales support
- Lead referrals to partners

WHAT DO WE ASK OF YOU?

- A minimum of two certified LeanIX resources throughout your membership in the partner program
- Undertake Certification training within 90 days
- Recertify every two years
- Attend LeanIX trainings and webinars for partners
- Use of LeanIX in your project to deliver greater value to customers
- Recommend LeanIX to customers where applicable

*Program fees apply

ABOUT LEANIX

LeanIX offers a Software-as-a-Service (SaaS) platform for Enterprise Architecture (EA), enabling organizations to make faster, data-driven decisions. Hundreds of global brands such as Adidas, DHL, Merck, Vodafone or Zalando use the LeanIX platform to increase transparency and visibility and drive real-time efficiencies. LeanIX addresses IT's critical need to ensure high quality, real-time data is accessible to the people who need it. Use cases include application rationalization, technology risk management and the shift from monolithic architectures to microservices.
